Two more thoughts for you: reline the parking in front of the Cannon Beach Grade School to diagonal parking (might need to make the street one way.) Secondly, could you use the paved parking area or grass area behind the school for summer overflow parking?

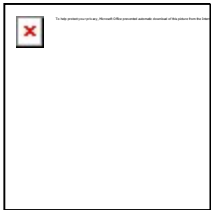

Just trying to think out of the box!

Janet

Hey Jeff, I have one additional parking comment to make. How about building a set of stairs at the North End so that all the older people who can not navigate the dunes don't need to drive into town and park to get on the beach! Not all of us "older adults" or our friends are as mobile as Councilman Bendefield! Janet

Thank you to all those who took the Cannon Beach Transportation System Plan survey!

The results are in and as you might have expected, there seems to be an elephant in the Village when it comes to transportation and that elephant spends a good portion of its summer season searching for parking. As you can see from the 'word cloud' below, produced for the 'what would you like to change about transportation in Cannon Beach' question, many of our over-150 respondents would like to see something change with respects to parking.

As a result, we've launched a parking specific survey (say that three times real fast) to get your thoughts on the current parking situation, whether you are a resident, visitor, business owner or employee.

The Cannon Beach Parking Survey will be available until July 6th through 20th. Please tell your family, friends, employees, co-workers and visitors to take the survey and share their thoughts.

**Share your feedback on parking** by clicking one of the links below.

\*Select the survey that describes you best\*

- [Resident Survey](#) – take this survey if you are a year-round resident of Cannon Beach
- [Business Owner Survey](#) – take this survey if you own or operate a business in Cannon Beach
- [Employee Survey](#) – take this survey if you work in Cannon Beach
- [Visitor Survey](#) – take this survey if you visit Cannon Beach but don't live here year-round
