Subject: Re: Last Chance to Take the Transportation Survey!
Attachments: PastedGraphic-5.pdf

Hi Jeff,

I have completed the survey, but remembered a comment that I wanted to add after I had already submitted my response. I think it would be valuable to have the North entrance to Cannon Beach modified to accommodate traffic coming from the South. I believe that it is not uncommon for people who want to access the North end of town or Ecola State Park to miss the mid-town entrance and then they need to make a U-turn on Hwy 101 after passing the North entrance. As a local, I would also prefer to bypass the summer traffic and long line of cars waiting to turn North from Sunset onto Hemlock and the slow traffic through mid-town and downtown when I want to access the North end of town.

By the way, I was able to get the book you recommended, "Survival Of The Friendliest" via inter-library loan and found it an interesting and enjoyable read. Thank you again for the recommendation.

Bob

Hurry! Last Chance!

Parking! Traffic! Congestion! Safety! Whatever else might be improved or changed, this is your chance to have your say.

If you haven't had a chance to take the on-line interactive survey or shared the link with your friends, please hop over to cannonbeachtsp.com and jump to section '4.Feedback' to [Take the Survey!](#)

This is your chance to let community leaders know what the pressing concerns are in all things transportation related in Cannon Beach. Whether it's parking, traffic, safety, transit, biking or hiking related, or some other transportation issue, this is your opportunity to help spread the word and voice your concerns. A TSP engages community members to develop a vision for how future investments can improve travel for all users of the transportation system, including those who drive, walk, bike, roll, ride transit, or deliver freight within the city.

The interactive Online Open House will continue through June 25th, providing you a pandemic sensitive format for investigating the existing conditions and format for sharing your thoughts and concerns. The Online Open House can be found by logging onto the dedicated website at www.cannonbeachtsp.com, or via the city's website at ci.cannon-beach.or.us. The Online Open House will provide opportunities for engaging in transportation topics, following the latest TSP happenings and links to relevant TSP information.

The City of Cannon Beach Transportation System Plan (TSP) is a long-range plan that will guide investments for the next 20 years. The TSP will include a prioritized list of needed transportation projects, programs, and policy updates for the city to begin implementing after the plan is adopted.
