**Subject:** TSP

Good morning!  
Would you please include my comments in both the City Council's and the Planning Commission's packets.  
Thank you,  
Barb Hinthorne  
POBox 135  
Cannon Beach

After attending the last Planning Commission meeting via ZOOM, I have had concerns about the last push for the TSP adoption.

With the additional questions and input from some Planning Commission members and several citizens, it seems that it would be beneficial to extend the date for TSP adoption by the city council. While this delay might prevent the city from applying

for current grant proposals, it provides an opportunity to really make the TSP a better working document for the community.

Yes, it is recognized that a TSP is necessary for Cannon Beach to be competitive for some grants, but pushing the TSP through this month is not necessary. It IS necessary to hear the concerns and questions from the residents and commissioners. Please extend the TSP process to include additional community input.
